

## ***SAMPLE Ashley Tutors Tutoring Session Report***

*This is an Ashley Tutors session recap for Johnny Smith*

### **Session Information**

Session Entry Date: 5/13/12

Length: 1 hrs

Session Type: 1-1 Tutoring Session

Subject: Algebra II

Attendance: Present

Energy : High

Preparation : 5 - Very Well Prepared

Progress : 4 - Good Progress

Instructor: Gloria John

### **Session Note:**

Johnny was very well prepared for today's session with his worksheets and homework ready. We worked on arithmetic and geometric series and sums. I had him explain the components in the equations using vocabulary from the section. We worked on many examples for him to grasp the concept. Because this was my final session with Johnny, once he had a strong understanding of arithmetic series and sums, we moved onto the upcoming section so he will understand it when the material is covered in class. When Johnny takes his time and sets up the problem as we discussed, he completed the problems correctly and with no assistance. I am confident he will do well on this section.
